May 2017 Vascular Disease Conference

May 4, 2017
University of MN
Phillips Wangensteen Bldg, 11th Floor, Room 11-157
7:00 – 8:30 AM

Endovascular Therapy – Derrick Green, MD
1. Provide an overview of endovascular therapy
2. Describe appropriate anatomy and physiology for endovascular therapy
3. How does the basic science of endovascular therapy relate to patient care

Case Conference and M/M Rumi Faizer, MD, Associate Professor of Surgery
1. Review symptoms; discuss noninvasive and radiographic findings
2. Compare/contrast options for medical mgt, endovascular or open intervention
3. State plan of care, and expected results, options for changing outcomes

NEW ROOM at the VAMC Room 1Q 123
Minneapolis Veterans Health Care System (VA Med Ctr) Room 1Q - 123 7:00 – 8:30 AM
May 11, 2017

Use of atherectomy and balloons – Brett Aplin, MD
1. Appraise the literature and develop an approach to analyze various types of articles (harm, diagnosis, prognosis, etc)
2. Recognize the basis of hypothesis testing (Type I and II errors, p values, 95% confidence intervals, sample size) and the basis of diagnostic testing (prevalence, sensitivity, specificity, positive and negative predictive values, likelihood ratios).
3. Identify sources of bias
4. Determine how results of a study may be incorporated into clinical care.

Case Conference and M/M Daniel Ihnat, MD, Adjunct Associate Professor of Surgery
1. Review symptoms; discuss noninvasive and radiographic findings
2. Compare/contrast options for medical mgt, endovascular or open intervention
3. State plan of care, and expected results, options for changing outcomes

April 20, 2017
University of MN
MoosTower, 11th Floor Discovery Rm, Boardroom 7:00 – 8:30 AM

Vascular Surgery Extended Case Conference Rumi Faizer, MD, Associate Professor of Surgery
1. Review symptoms; discuss noninvasive and radiographic findings
2. Compare/contrast options for medical mgt, endovascular or open intervention
3. State plan of care, and expected results, options for changing outcomes

April 27, 2017
Fairview Southdale Hospital CV Conference Room
7:00 – 8:30 AM

Journal Club – AV Malformation All Vascular Surgery Fellows
1. Appraise the literature and develop an approach to analyze various types of articles (harm, diagnosis, prognosis, etc)
2. Recognize the basis of hypothesis testing (Type I and II errors, p values, 95% confidence intervals, sample size) and the basis of diagnostic testing (prevalence, sensitivity, specificity, positive and negative predictive values, likelihood ratios).
3. Identify sources of bias
4. Determine how results of a study may be incorporated into clinical care.

Vascular Surgery Case Conference
Staff presenters TBD
1. Review symptoms; discuss noninvasive and radiographic findings
2. Compare/contrast options for medical mgt, endovascular or open intervention
3. State plan of care, and expected results, options for changing outcomes

NEW ROOM at the VAMC Room 1Q 123
April 27, 2017
Minneapolis Veterans Health Care System (VA Med Ctr) Room 1Q - 123 7:00 – 8:30 AM

Case Conference and M/M Daniel Ihnat, MD, Adjunct Associate Professor of Surgery
1. Review symptoms; discuss noninvasive and radiographic findings
2. Compare/contrast options for medical mgt, endovascular or open intervention
3. State plan of care, and expected results, options for changing outcomes

Accreditation Statement: The University of Minnesota is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The University of Minnesota designates this live educational activity for a maximum of 1.5 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Questions? Contact University Vascular Surgery Office (612) 625-1485
May  Endovascular Therapy

UM Site  Fellow prepare an overview of endovascular therapy

5 minutes anatomy

5 minutes pathophysiology

5 minutes basic science – discuss with site director

(based on VSITE and/or Board questions)

15-30 minutes on treatment / outcomes

VA Site  Fellow talk to cover atherectomy and balloons (indication, types)

ABN Site  Fellow talk to cover stents (indications, types)

SD Site  Journal Club - Faculty choose current endovascular device literature for review by all fellows
